

GAR COMMERCIAL HEIFERS

The 195 bred commercial heifers in the sale will sell in 19 groups. Groups #1-15 are AI bred to Home Free, Fireproof, Sunbeam, Transcendent, Powercat, Home Town, Home Team, and Full Throttle. Groups #16-19 are bred natural service to sons of GAR Home Town. The heifers have been genomic tested using Method Genetics Choice. Because the MG database is derived from information supplied primarily by GAR seedstock and commercial herds, the MG genetic breeding values and indexes serve as a BENCHMARK for GAR customers. Simply put, the Method Genetics evalu-

ation benchmarks our cattle and the cattle of our customers who participate in the MG program against one another. This is an elite population of Angus cattle selected for reproductive efficiency, calving ease, docility, post weaning growth, feedlot performance and carcass value, NOT THE AVERAGE ANGUS ANIMAL. FREE DELIVERY. FEMALES ARE LISTED IN TATTOO ORDER AND AVERAGE ROI OF EACH GROUP LISTED. BUYER CAN TAKE AS MANY GROUPS AS NEEDED, BUT MUST TAKE ENTIRE GROUP.
