

**March 22, 2023**

**Pre-purchase examination for GAR Quannah Parker, 2014 gelding.**

Physical exam:

Eyes, heart, lungs, oral cavity all within normal limits.

Good body condition and acceptable conformation.

Parker was found to be sound before and after routine flexion testing.

Right hind limb, soft tissue swelling over superficial digital flexor tendon at level of fetlock. No lameness noted and no obvious bony abnormalities found on radiographic exam of this area.

Overall opinion: Parker is a sound 9-year-old gelding.

A handwritten signature in blue ink, reading "John L. Kellenberger DVM". The signature is fluid and cursive, with the "DVM" part being more distinct.

John L. Kellenberger DVM
